The presentation of the course(s) indicated below have been approved for credit towards Nevada's mandatory continuing legal education requirement. Members of the State Bar of Nevada who attended the program are entitled to one (1.0) credit for each sixty (60) minutes of course attendance. However, this does not include introductory remarks, keynote addresses, breaks, receptions, meal sessions (unless a CLE program is given in connection with meals), or business meetings, for which no credit is awarded. Credits are accumulated throughout the program, and then rounded to the lowest half credit, and credits are earned only for those portions of the program actually attended.
