This process allows a CLE sponsor to view the programs and classes submitted by the sponsor for approval by the Commission on Mandatory Continuing Legal Education. All of the programs and classes submitted by the sponsor during approximately the past two years will be listed, in descending chronological order. The current approval status--Pending, Approved or Denied---will be shown for each class session. The sponsor may narrow the display of programs by entering a keyword search term or terms, hitting the "Find Now" button and viewing the revised list produced by the search. Any written materials associated with a program and previously uploaded by the sponsor will be shown and will be available for download.

The sponsor may add a new class session to existing program by depressing the "Add Class" button where it appears adjacent to the program name. The sponsor may create a new program using an existing program as a template by depressing the "Clone" button where it appears adjacent to the program name.
